STROLL™

Fingering

75% Fine Superwash Merino Wool, 25% Nylon.

\$5.99/50g ball - 231 yds.

Why we love it: Warm, cushy, and versatile, this is the yarn to have in your stash when sock (or shawl!) inspiration strikes. High-grade Merino wool and nylon blend into one of our most useful yarns, with beautiful drape and next-to-skin softness that shows off texture, lace, and cables equally well. Try them all to find your favorite variation!

Color shown: Everglade Heather 25607.

Project shown: Irish Ivy Hat 52935D.

WOOL OF THE ANDES™ TWEED

Worsted

80% Peruvian Highland Wool, 20% Donegal Tweed.

\$4.99/50g skein - 110 yds.

Why we love it: Wool of the Andes Tweed gives you a whole new way to introduce texture to your handknits. Our tweed combines a classic palette with earthy-colored flecks of donegal tweed, viscose neps suspended in a very fine acrylic that allows them to be spun alongside the wool fibers. The tweedy donegal neps add a rustic and traditional appeal to everything from Aran sweaters and cabled outerwear to outdoorsy hats and mitts.

Color shown: Sea Glass Heather 28298.

Project shown: Orne Hat 52930D.

GLOSS™

Lace, Fingering & DK

70% Merino Wool, 30% Silk.

L: \$7.99/50g hank - 440 yds.

F: \$7.99/50g hank - 220 yds.

DK: \$7.99/50g ball - 123 yds.

Why we love it: The perfect blend of lofty Merino and lustrous silk! Next-to-skin soft, Gloss's subtle sheen highlights each stitch and yarnover for crisp stitch definition. Gloss results in garments and accessories with soft, easy drape and relaxes after blocking for a soft fabric.

Color shown: Wharf Fingering 28596.

Project shown: V Cable Cowl 52937D.

WOOL OF THE ANDES™

Sport, Worsted & Bulky

100% Peruvian Highland Wool.

S: \$3.49/50g skein - 137 yds.

W: \$3.49/50g skein - 110 yds.

B: \$5.99/100g hank - 137 yds.

Why we love it: For the sweater you'll wear a thousand times, our classic worsted wool yarn is spun and plied carefully to achieve a wonderfully balanced twist.

Color shown: Fjord Heather Worsted 25647. Project shown: Fjord Beanie 52938D.

SWISH™

DK, Worsted & Bulky

100% Superwash Fine Merino Wool.

DK: \$5.99/50g skein - 123 yds.

W: \$5.99/50g skein - 110 yds.

B: \$10.99/100g hank - 137 yds.

Why we love it: Swish is the superwash of knitters' dreams! Made with Merino, machine washable wool has never been so touchably soft.

Color shown: Delft Heather DK 24312.

Project shown: Salisbury Scarf 52941D.

JOURNAL YOUR WAY THROUGH YOUR WIPS

Whether you're starting a new project or planning your next, our journals will keep you organized and knitting in style!

The act of knitting is a deeply personal and creative one. With long lengths of yarn, needles, and pattern in hand, we spend hours, weeks, months, and even years making for ourselves and loved ones. Whether alone or with friends, around those moments and projects a great deal of life happens, too. Alongside your notes on gauge and needle size, gather your project's memories and store them for future reflection. Keep it handy in your knitting bag or close by your favorite knitting chair. We're sure you'll be very glad you did.

STROLL TWEED

**A super-soft, affordable,
machine washable treat!**

Stroll Tweed's rich, solid colors show off texture, lace, and cables beautifully. The neutral neps of tweed add flecks of interest to simple stitches and textured knits, but are subtle enough to accentuate rather than interfere with all but the most complex patterns. With merino softness and Donegal depth, this easy care sock yarn is a terrifically tweedy treat for any project.

HAWTHORNE

**A classic high twist sock yarn in
exquisite, hand-painted colors.**

Hawthorne is the perfect mix-and-match yarn for fade, striped, or ombré projects. Originally designed as the very best sock yarn, it's also our go-to yarn family for shawls and sweaters that will look good for years to come! Each skein features a tight but bouncy ply which means that each stitch has excellent definition, no matter how many times your projects are washed in the machine.

TWILL

**Your favorite 3-ply twist yarn
now in fingering weight!**

Twill is everything you'd want in a yarn: it's bouncy, versatile, and luxuriously soft—it blocks beautifully too! The 3-ply twist and satisfying density of this 100% Merino wool yarn results in absolutely gorgeous stitch definition, making both intricate cables and straightforward stockinette shine. We've included some of our favorite patterns that we think would be beautiful in Twill.

Cashmere, universally renowned for having the softest hand of any fiber, is the finest choice for creating beautiful, sophisticated garments and accessories.

Our Capra & Capretta Superwash yarns combine a blend of fine merino wool with cashmere, resulting in a yarn that is as pleasurable to knit with as it is to wear. Capra is available in a DK weight and is perfect for garments & accessories intended to be worn next to the skin. For finer-gauge knits like socks and shawls, try our cushiony-soft Capretta Superwash. This fingering weight yarn, with its blend of merino and cashmere together with a touch of nylon for strength, is sure to spark love at first stitch. With the added perk of being machine-washable, Capretta is perfect for those special items that you will want to wear all year long.

CAPRETTA

**OUR MOST LAVISH MACHINE WASHABLE YARN,
WITH A TOUCH OF CASHMERE.**

A classic super soft drape of cashmere and merino combined with machine washable convenience makes it easier than ever to bring a touch of luxury to your everyday projects. Colors ranging from soft pastels to deep jewel tones in both heathers or solids means that you'll find the perfect shade for your next project. Recommended for lightweight cardigans, elegant socks, and soft accessories.

WAVES OF COLOR

Whether you love the waves of color in our laminated birch needles or the slick surface of nickel, we have everything you need to knit happy!

With hundreds of variations at your fingertips, you can swiftly create the perfect needle for any project using our Options Interchangeable tips and cables. Buy pieces individually, or save when you purchase a full interchangeable set.

Cocobolo Add an elegance to your needle collection with our Cocobolo Options Interchangeable needle tips. The rich, warm hardwood of our newest needle colorway pairs exquisitely with our black cables. This material makes superb knitting needles, providing a naturally warm hand, smooth surface, and exceptional strength. Equal parts magnificent and resilient, you'll be knitting in superior style for years to come!

Available in 13 sizes | Starts at \$7.99.

If **laminated birch needles** are your style, we have 5 vibrant colorways to choose from. The smooth, burnished surface of our wood needles are perfectly balanced with just the right amount of grip, which works wonders for working with slick fibers like mohair, silk, and angora. Plus birch wood is one of the most sustainable wood species. This makes our needles an easy choice when adding to your tool collection!

Available in 5 colorways and 13 sizes

Shown, from top left: Cocobolo, Sunstruck, and Caspian.
Shown, from top right: Rainbow, Majestic, and Radiant, starts at \$5.99.

Our **nickel-plated needles** have a slick, glass-like surface which allows your stitches to move freely, while the hollow brass tube is extremely lightweight for hours of comfortable knitting.

Available in 13 sizes | starts at \$5.49.

Add a splash of color to your knitting with **Prism Needles**! Our lightweight aluminum needles feature the same sharp points, flexible cables, and smooth joins as our other Options Interchangeable needles. Aluminum metal warms to your hands as you knit, and the slick metal surface allows stitches to slide off with ease.

Available in a complete set | {91461} \$59.99

WE'RE HERE TO HELP YOU DO WHAT YOU DO BEST: *CREATE*

Creating the best projects means not only having access to the best materials at the best prices, but the best tools as well.

Here at Knit Picks, we work with manufacturers and sell directly to you, offering great tools at amazing prices. And because we're knitters too, we strive to bring you needles we're as excited to use as we are to sell.

Interchangeable Circulars The foundation of the modern knitter's toolbox. Detachable needle tips and cables interchange to form a wide range of gauges and lengths on demand.

Available in 7 colorways and 13 sizes | Shown left in Majestic, starts at \$5.99.

Foursquare Tips They're a little different and a lot of fun! We took the same smooth, laminated birch of our popular Majestic needles and squared them. The slightly rounded corners provide a comfortable extra grip for your fingers and yarn, helping to keep your hands limber and your stitches even. We love these needles for beginner or "tight" knitters as their unique shape helps keep stitches loose and even.

Shown below. Tips start at \$4.99. Interchangeable set {91404} \$55.99.

Short Interchangeables

Shorter tips and special length cables designed to make smaller circumference projects—like hats and sleeves—easier to manage.

Available in 4 colorways and 7 sizes | Shown in Foursquare, starts at \$5.49.

Straight Needles These ARE your grandmother's needles. Elegant and simple, tried and true. For basic flat knitting, sometimes the classic methods are the best.

Available in 3 colorways and 25 sizes | Shown in Sunstruck, starts at \$4.69.

Double Pointed Needles Featuring tapered points at both ends for a classic solution to circular knitting and especially small circumferences, like socks.

Available in 5 colorways and 35 sizes | Shown in Sunstruck, starts at \$5.09.

Fixed Circulars These needle tips are permanently connected to cables of specific length, which is especially useful in smaller gauge projects that don't accommodate Interchangeable needle construction.

Available in 5 colorways and 35 sizes | Shown in Sunstruck, starts at \$5.89.

BIRCH

A sustainable wood

Birch is known in the forest industry for the strength of its wood, its fine grain, and the beautiful ripple patterns that make it a prized veneer. Its unique growth properties make it a plentiful and cost-effective option for a wide variety of uses. Read on to learn why we love birch for sustainable knitting tools.

Renewable Resource

Trees are a renewable resource, meaning they can be replenished as they are used by planting new trees.

Low Carbon Footprint

The fast growing nature of Birch trees lowers the carbon footprint of harvesting them.

Every Part is Usable

The entire birch tree is able to be used for various purposes. They are even able to be tapped for harvesting syrup.

Fastest growing hardwood

Birch trees mature at twice the rate of similar hardwood trees. That means it takes half as many resources to grow the same amount of material.

2x

Double the material Birch can yield 2-3 times the amount of material in the same span as other hardwoods

Durable

Birch is a hardwood that is extremely durable and strong, making it a great choice for long lasting tools.

Beautiful

The fine grain and pale color make Birch an elegant wood that accepts stain well. Our bright needles are made with laminated layers of stained birch.

Our birch swift and tools offer timeless beauty and warmth with every stitch or smooth turn from skein to skein.

LEARNING CENTER

Cables: The combinations are limitless.

We admire them and, at times, may have felt daunted by them. If you've never tried them, have you wondered if you could knit a cable project? Could you ever create a piece with elegant twists and turns across the planes of your knit fabric? If you have pondered those questions, the answer is yes! Know that we're here to help you learn and make sure you have the supplies you need—yarn, needles, and everything in-between.

As with all knit fabric, cables are worked one stitch at a time, using knit and/or purl stitches. The key is learning to move a series of stitches onto a cable needle, which you then shift to the front or back of your knitting to guide the direction of the cable twist. The positioning of the cable needle and stitches to the front or back, plus the steps of knitting (or purling) stitches off the left-hand needle, followed by working the stitches off the cable needle, create the twist that forms each cable. Once you've learned the sequence of that first front or back ... you've created your first cable, and you're on your way!

If you are looking to tackle your first cable project—large or small—our *Traverse* collection patterns are the perfect place to start. They are timeless, beautiful projects that can make for great everyday wardrobe staples or special heirloom projects for a loved one. Our *Learning Center* will help you with step-by-step instructions to keep you moving forward in your project and with reading cable patterns, and our customer service team is ready to answer any questions you might have. Oh, and along with the patterns, we've included some of our favorite tools that might help you on your cabling journey.
